Hi Dan,

I just wanted to relay some feedback I received from my maintenance crew during their rounds yesterday. Apparently, after the boulevard closure this weekend for The Longest Ride (ELS), the sidewalks were littered with debris including carpeting and trash. The production company's clean-up crew did a poor job, so our guys did double-duty in getting the boulevard back to its normal state.

I just wanted to make sure you were aware... something to consider for their next event when they're seeking road closure approval.

Best regards,

Matthew Severson | Operations Coordinator

Dan,

I just want to add that ELS has not paid any of their Navigate Hollywood invoices since 2012. Meanwhile, Buena Vista (El Capitan) and 1540 continue to pay all their invoices. When I asked Marguerite about this, she said that John felt we didn't support him for a closure they were requesting, so he was not going to support us. I see Navigate Hollywood as a project of the entire street closure committee, not of the BID. The BID simply donates our staff time to maintain and update the Navigate Hollywood service; the funding is supposed to come from those who close the street. If ELS is going to continue to close the street but not pay their fair share, I'm not sure how we can continue maintaining the service as it's not fair for the two other companies to fund the entire service.

Devin
